

# CONNECT WITH THE MANUFACTURING WORKFORCE

## Why Join WCOMP?

West Central Ohio Manufacturing Partnership (WCOMP) is focused on connecting the manufacturing workforce with opportunities for growth, expansion, and skill development. Our primary purpose is to attract individuals to strong and fulfilling manufacturing careers by offering seamless career pathways.

### Partner benefits include:

- ✓ Direct access to talent through connections with local schools, colleges, and training programs.
- ✓ Partner and network with other manufacturers, educators, and stakeholders to share ideas and learn from each other.
- ✓ Staying informed with the latest technologies and industry advancements by participating in regular meetings and events.
- ✓ Direct Access to federal, state and local support opportunities.

## Everything You Need In One Place

Available resources and support systems for members include:

- Educational Materials: To educate and inform the community about the manufacturing industry.
- Networking Events: To connect with other businesses, share ideas, and form strategic partnerships.

## Community and Networking

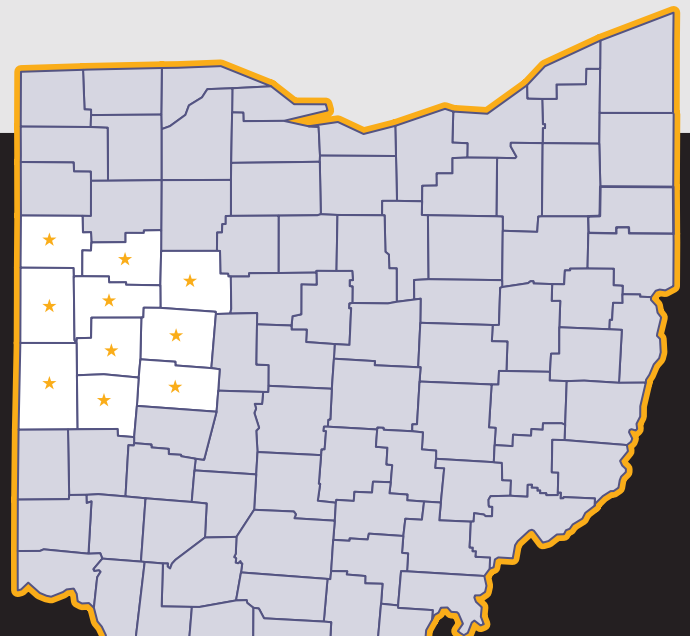

WCOMP fosters a vibrant community by:

- Provide opportunities to join regular meetings and events for manufacturers, educators, and other stakeholders.
- Leveraging social media and digital tools to engage with partners and the broader community.
- Sharing of industry best practices.

**Don't miss out.  
Become a partner today!**

### PARTNERSHIP IS OPEN TO:

- ✓ Manufacturers in Allen, Auglaize, Champaign, Darke, Hardin, Logan, Mercer, Miami, Shelby, and Van Wert counties.
- ✓ Local training and education and workforce, community, and economic development partners.
- ✓ Other local companies who support our cause as associate members.
