

Charge Your Future

MANUFACTURING BOOTCAMP

AT EDISON STATE COMMUNITY COLLEGE

July 20-31, 2026 | Ages 16+

presented by

HONDA

The Charge Your Future Manufacturing Bootcamp is a two-week hybrid training program that builds the foundational, job-ready skills needed for today's modern manufacturing careers.

Participants will complete relevant online coursework, take part in hands-on, project-based labs, tour Honda facilities, and learn directly from Honda industry experts.

Earn the nationally recognized **Certified Manufacturing Associate (CMfgA)** credential from Tooling U-SME while gaining real experience in:

- ✓ CNC machining
- ✓ Robotics and automation
- ✓ Quality control
- ✓ Safety
- ✓ Lean manufacturing
- ✓ Intro to AI in manufacturing

Additional program highlights:

- ✓ Industry guest speaker from **Honda**
- ✓ Guided tour of the Honda Anna Engine Plant (transportation provided)
- ✓ **\$250 completion stipend**

ODE Graduation Points: The CMfgA credential is worth **3 points toward K-12 graduation**—an excellent opportunity for high school students to earn a recognized industry certification.

*Stipends will be based on attendance and camp completion. Full attendance is mandatory for orientation and all camp dates.

IMPORTANT DATES

- ✓ **Orientation:** July 13, 2026
- ✓ **Bootcamp:** July 20-24 and July 27-31, 2026 | 9AM-4PM
- ✓ **Exam:** July 31, 2026

Please note that some days will be designated for remote learning.

REGISTRATION

Visit www.edisonohio.edu/charge to apply. A \$25 retainer fee is required. Limited availability.
